

SIGNTRONIX LADY OF THE MONTH

Rosemary Brewer

Rosemary met Joe Brewer in 1970 at a Christian Coffee House. She was working the snack bar, and Joe came in to check out the place. Needless to say, he kept coming back and things progressed from there. They were also part of a band during the coffeehouse era!

Rosemary and Joe have three wonderful kids and two adorable grandkids. Scott is a favorite High School Teacher in Philadelphia. Renee lives in Collegeville, PA with her husband, Jon, and is a stay at home mom. Renee and Jon have two kids, Nolan, 6, and Mia Rose, 4. Nicole lives in Washington, D.C with her husband, Bill. Nicole is a Registered Dietitian and has her Masters' Degree from Tufts University in Food Policy.

“Joe and I were married very young, so much of my life involves our life together. We have always been passionate about our faith and our family, enjoyed being in a gourmet club, skiing with our kids and supporting them in anything they did. As grandparents now of Mia and Nolan, we are actively involved in their lives, relishing every opportunity to do things with them.”

Rosemary also enjoys going on long walks with their Golden Retriever Molly. She likes cooking, entertaining,

getting involved in church, raising money for Africa thru Beads for Life and organizing baby kits for mothers in Liberia. She is an Alpha Adviser at church and loves to go biking with Joe.

For 19 years, Rosemary has been an employee of Neshaminy School District in Langhorne, Pennsylvania. She works in the guidance office at Maple Point Middle School and is involved with parents, students, teachers, principals, counselors, psychologists and therapists. She is very good at her job and is an extremely dedicated and dependable person.

After a free-lance career in commercial art, Joe wanted a career where he could make more income but still use his creative talent. He caught the Signtronix fever after his first “Grand-a-Week” and kept his excellent work habits and attitude from then on. During Joe’s Signtronix career, Rosemary has helped with hiring and hosted many events at their home. She has always been very supportive and positive. It was always important that Joe could be home when important events were happening as well as still have the ability to earn an excellent salary to support their family.

“Joe and I have also had the opportunity to travel places we would never otherwise have gone, the flexibility to work and play hard around the needs of our family, and having a lifestyle that others only could dream about.”

“We are blessed to be back in the Signtronix family after several years of pursuing our own business. The genuine, caring people at Signtronix are unique in the work places of today. We value so many relationships at Signtronix and Joe and I are thankful to be part of this organization. Signtronix rewards hard work and dedication and allows for individual uniqueness. It’s a privilege to be part of this great company.”

Signtronix feels fortunate and privileged as well to have Joe and Rosemary as part of this successful organization. Rosemary is a great example and a joy to be around. She has an infectious and positive attitude that makes you smile and feel loved. We are honored to have her as the Signtronix Lady of the Month.
