**I LOVE my new display. The road was closed about a 1/2 mile from me for about 3 weeks. My business was the only one in the area that did not drop off.**

**I have increased my business by at least 25%. Thank you. The business neighbors all love my new look.**

**P.S. I am looking forward to getting the other model up & working for the other side of my building. I now have 6 employees instead of the 3 when I bought the first sign! THANKS!**
